November 22, 2017

Introduction

Re-Learn C++ Basics

Kepping on top of my knowledge of C++ and refreashing my knowledge when I'm not actively doing C++ coding regularly e.g. over the summer

Improve sentence structure

Overly long sentences in essays can bring down the overall score and communication. It is important to improve this skill in order to do well on the course and improve my score (<http://www.expresso-app.org/>)

Proceedual Skills

Communicate clearly my ideas and meanings in presentations

Decrease Stress when Coding

Coding brings alot of stress but increased stress prevents learning and problem solving

Spread time between assignments effectively

If an assignment is worth more it should require more time spent on completeing it

Conclusion
